Fun Facts on AP

- **Score distribution** of AP exams in the U.S. [from 2018](#)
- **Test with the highest pass rate** (3 or higher)... Chinese at 91% (followed by Spanish, Studio Art, and Calculus BC... all in the 80%*s*)
- **Test with the lowest pass rate**... Physics 1 at 40% (followed by English Lit and Environmental Science... all in the 40%*s*)
- **Benefits of passing an AP exam:**
 - The more you take, the stronger the university/college you get into (most selective schools want between 7-12 AP exams)
 - Access to higher level thinking, collegiate-type coursework
 - Save money... earn college credit
 - Get an edge on others in college, skip introductory courses
